

# CELTA

Cambridge Certificate in Teaching English to Speakers of Other Languages

## Olga MICHÁLKOVÁ

attended 120 out of 120 hours

of the part-time CELTA course

at AKCENT International House Prague held in Ostrava

from 18<sup>th</sup> January - 22<sup>nd</sup> March 2008

and was awarded the following grade:

### Pass B

#### Overall Assessment

Olga was a pleasant and hard-working member of the course. She came to the course with previous training and experience and was keen to take every opportunity to develop her teaching technique. She worked well and supportively with her fellow trainees. Her written work was completed to a consistently high standard. With further experience she will be a very effective teacher of English.

#### Lesson Planning Skills

Olga learned to identify clear and appropriate aims for her lessons. She planned logically staged lessons, could describe the procedure in detail and anticipated problems that might arise and planned solutions for them in advance. She learned to analyse grammar and vocabulary thoroughly so that she was prepared for all contingencies in language lessons. In particular, she put a great deal of effort into adapting and finding materials to support her lessons and help her to meet lesson aims effectively. Olga's lesson planning skills clearly met, and sometimes exceeded, the standard required by the course.

#### Classroom Teaching Skills

Olga came to the course with a firm and confident classroom presence. In class, she has a warm yet professional manner. During the course she learned to present, clarify and check understanding of grammar and vocabulary very effectively and to involve students more actively in the learning process. She has developed the ability to check students' understanding of vocabulary and grammatical items taught. She is also able to help students with developing their skills, reading, listening, speaking and writing, by providing supporting preparatory work. Her classroom teaching skills exceeded the standard required by the course.
